

Come hither and revel in a deliciously melodramatic, trippy, and ethereal album. [Jen Gloeckner](#)

serenades an escape into fluid wallowings of pseudo-gothic lyrics and tones. Let tunes like “Sleep to Dream” and “Peace Among the Chaos” lull you into strange and wonderful visions. Then dive into a “52

nd
thrill.” Float and meander as the world spins and stirs in a delightfully bizarre haze. Meditate. Breathe. Ride the trance.
